ANNUAL REPORT

OF THE

DEPARTMENT OF MUNICIPAL AFFAIRS

OF THE

PROVINCE OF ALBERTA

FOR THE YEAR

1925

PRINTED BY ORDER OF THE LEGISLATIVE ASSEMBLY

EDMONTON:
Printed by W. D. McLean, Acting King's Printer
1926

EDMONTON, FEBRUARY 24TH, 1926.

To HIS HONOUR
WILLIAM EGBERT,
Lieutenant Governor of the Province of Alberta.

SIR,—I have the honour to transmit herewith the Report of the Department of Municipal Affairs for the year 1925.

I have the honour to be, Sir,

Your obedient servant,

R. G. REID,
Minister of Municipal Affairs.

EDMONTON, FEBRUARY 24TH, 1926.

HON. R. G. REID,
Minister of Municipal Affairs,
EDMONTON, ALTA.

SIR,—I have the honour to submit herewith the Fifteenth Annual Report of the Department of Municipal Affairs, covering the work of the year 1925.

J. H. Lamb, Esq.

It is with sincere regret that I make mention of the death of the former Deputy Minister of this Department, Mr. J. H. Lamb, which took place on January 26th, 1926. Mr. Lamb entered the service of this Department on February 11th, 1918, when he was appointed Tax Commissioner. After the death of Mr. John Perrie, he succeeded to the position of Deputy Minister on December 12th, 1919. His services in that capacity are well known to the people of the Province. In his death the Province has lost a faithful servant and Deputy Minister, whose devotion to his duty was marked throughout his whole career in that office.

Hugh Collins, Esq.

I regret also to make record of the death of Mr. Hugh Collins, a member of the staff of this Department since October 23rd, 1918. Mr. Collins' services to the Government of the Province extended over a period of fourteen years. Before entering the work of this Department he was engaged in the work of the Department of Agriculture. His death has made a blank in the ranks of the Department which his co-workers feel with sincere regret.

During the long and serious illness of Mr. Lamb, I endeavored to carry on his work as Acting Deputy Minister as efficiently as possible. On July 31st, 1925, Mr. Lamb retired from the office, and on November 1st I assumed the duties of Deputy Minister.

Assessment

The quinquennial assessment of lands throughout the Province in Municipal Districts was required under the Act to be completed in the year 1924 or early in 1925. In most cases this work was done within the time required, but in the case of several Municipal Districts the work was carried on into the first few months of 1925. Following upon the completion of the work in the Municipal Districts, the Department found it necessary to obtain the detailed records of this assessment to prepare the information in proper form for the work of the Assessment Equalization Board. I desire to extend thanks to the officials of the Municipal Districts for hearty co-operation in this work on the part of the great majority. Particulars in the assessment rolls of many of the Municipal Districts required investigation and correction. This work carried

on throughout the year, will result in a much more accurate record in the rolls of Municipal Districts than formerly prevailed. The officials in the Department have lent every effort possible in this direction, the results of which will prove, I believe, of considerable assistance as to the conduct of the work in the offices of the Municipal Districts.

A general assessment of lands in Improvement Districts was required to be made in the year 1925. This work was carried through to a conclusion, though it entailed a very serious amount of labor and correspondence to the Department.

Staff

At the close of the year 1924 the staff of the Department numbered seventy-six, not including four who give part time service only. Through retirements and deaths the number was reduced to seventy at the close of the year. I desire to express my satisfaction with the services of the staff, every member of which I believe is giving consistent interested effort in the work, and is by co-operation with his co-workers making it possible to carry on the work of the Department with this much reduced membership.

The amount of correspondence handled by the mailing office of the Department, as shown in the following tables, indicates to some extent the volume of work done.

A.—*Statement of Cash Received for the Financial Year of* 1925.

Month	Gross	Returns	Net
January	$ 255,169.89	$ 751.45	$ 254,418.44

Total number of letters with cash received 18,181

Municipal Organization

No new municipalities have been erected during the year. The Village of Walsh was disorganized. Some few changes in the boundaries of Municipal Districts have been made and lands have been removed from a number of towns and villages. These various changes have been duly gazetted, but are rather of minor importance.

Municipal Finances

The results of the year's work in municipalities generally from a financial standpoint have been very satisfactory. At least sixty-one Municipal Districts carried on the business of the year without borrowing for any purpose. Of the other one hundred and eight which borrowed, all but twenty-eight repaid in full the borrowings which they made for municipal purposes for the year. The unpaid loans of those which did not repay in full total $94,824.89, being an average of $3,386.67 for each of those which carried over loans into 1926. Twelve Municipal Districts which collect school taxes did not repay in full the borrowings for school purposes, the amount carried over into the next year being $54,802.98, an average of $4,566.91 for each of the Districts carrying over school borrowings. All the others were in a position to meet their current obligations before the end of the year.

The villages have reduced their debenture indebtedness by twenty per cent. during the year, after taking into consideration new issues amounting to $6,800.00. The reduction in the debenture indebtedness of towns is approximately ten per cent. The new debenture issues during the year in towns was $30,975.00. In general the condition of finances in the municipalities can be said to be satisfactory.

The attached tables of statistics give in detail the financial standing of each of these municipalities. The collection of taxes by the Department is shown in the following comparative statement.

Tax	1921	1922	1923	1924	1925
Improvement District Taxes	$401,874.49	$380,145.69	$ 648,064.72	$305,065.84	$382,015.11
Hospital Taxes	23,085.38	21,693.34	50,631.73	45,794.39	56,184.78
School Taxes	74,807.21	81,521.72	364,900.92	138,192.00	228,335.82
	$499,767.08	$483,360.75	$1,063,597.37	$489,052.23	$666,535.71

Timber Areas Tax

The collection of taxes under the Timber Areas Tax Act has been more satisfactory during the year 1925 than in the previous year. Cash collections in 1924 were $10,313.27; for the year 1925 they amounted to $21,116.88.

Tax Recovery

The Tax Recovery Act of 1922 has been used by municipalities generally in connection with the recovery of arrears of taxes. The use of the Act has assisted in the reduction of the outstanding arrears to a considerable extent. The majority of officials have proceeded under the Act with good judgment and care. In one or two cases, through mistaken action on the part of the Secretary, disputes have arisen, but these have been limited to a very few. In general it would seem that the use of the Act and its results have proven beneficial. The sale of lands under the Tax Recovery Act and of lands forfeited to the Department of Municipal Affairs under other tax enforcement proceedings, has been carried on throughout the year. The report of the Chief Taxation Clerk is attached hereto, showing the extent to which sales have been effected and collections made.

Legislation

The Municipal District Act has been amended frequently during the past few years. It is deemed advisable to have a new Act prepared. This will be laid before the House during the Session of 1926. Very few amendments are proposed to the Town Act, Village Act and other Acts administered by municipalities.

Auditing

During the past two years a few municipalities have suffered serious losses through defalcations on the part of trusted officials. A careful, thorough, and searching audit of the affairs of these Municipal Districts might in some instances have prevented these occurrences. Apparently it is desirable to give attention to strengthening the auditing wherever any weakness is indicated. The Reeve and councils in Municipal Districts have been urged to

co-operate in securing in every case the services of efficient Auditors, particularly men experienced in municipal accounting and municipal procedure. Careful attention will be given throughout this year to bringing about a more efficient and thorough audit in general.

Attached hereto and forming a part of this report are the reports of Mr. S. V. Lea, Chief Assessor, and Mr. A. H. Michel, Chief Taxation Clerk.

My thanks are due to the members of the staff of this Department and to many officials of municipal organizations throughout the Province for assistance in the conduct of the municipal work generally.

Respectfully submitted,

W. D. SPENCE,

Deputy Minister.

ASSESSMENT BRANCH REPORT

W. D. Spence, Esq.,
Deputy Minister of Municipal Affairs,
Edmonton, Alberta.

Sir,—I have the honour to submit herewith a report concerning the work of the Assessment Branch.

The field work, in connection with the assessment over the entire Province, for the ensuing quinquennial period, commencing with the year 1926, has been completed; and the reports from the assessors, appointed by the municipalities, are now on record in this Branch, together with the reports of the assessors of the department concerning lands, other than those situated within the bounds of a municipality. The task, as made reference to in your Annual Report of 1924, has indeed been a strenuous one. Forty-one Improvement Districts were entered and assessed during the past year by departmental assessors for the quinquennial period commencing with the year 1926, whilst assessments were completed in a large number of remote districts, and I would respectfully submit to you that the loyalty and co-operation of the staff of this branch in having brought the assessment to a state of completion, is worthy of commendation.

I have further noted in your 1924 Report to the Minister of Municipal Affairs, your expression of regret that some of the Municipal Districts had not made the appointment of an assessor at the time certain officials of the department conducted meetings throughout the Province, for the purpose of discussing the procedure which should be followed in connection with the assessment, and to outline the nature and extent of the assessors' duties. The writer has experienced considerable difficulty in checking and tabulating the returns received from many of the assessors, and with a large number of municipalities much correspondence and additional labor has been necessitated which, had the assessor been thoroughly conversant with his duties, could easily have been averted.

Compilation of a complete crop record has been in course of process for some time, it having been considered that such a record would ultimately prove to be of much value, as unquestionably the true basis of land values is fundamentally its productivity averaged over a given number of years. To attain this objective, forms are being annually distributed throughout the Province, with a request that information be given for each township to cover the following:

1. Average yield in wheat and oats.
2. The percentage of damage to crops, due either to drought, frost, hail, hot winds, cut-worms, saw fly, etc.
3. Number of chief farm products in order of importance, as wheat, oats, barley, hay, cattle, swine, fowl, dairy products, etc.

4. Other products, such as timber, coal, oil, gas, etc.
5. Chief tame grass—Timothy, clover, alfalfa, etc.
6. Chief wild grass—Pea-vine, red-top, blue-joint, slough grass, prairie-wool.

It is gratifying to state that of 169 Municipal Districts, 148 have given a complete report of conditions obtaining for the year 1924, and although the duties of the department assessors throughout the year have been exceptionally arduous, reports of 50 Improvement Districts have been placed on record. These records, taken into conjunction with records of precipitation, the result of annual returns over a five-year period, promise to be invaluable for equalization and colonization purposes.

The annual assessment throughout the Improvement Districts, under the Wild Lands Tax Act, was conducted by this branch, and reports are also on file relative to the assessment as conducted by the assessors of the various municipalities.

Comparative Wild Land Tax Levy 1924 *and* 1925.

	1924		1925	
	Acreage	Levy	Acreage	Levy
Municipal Districts	2,802,456	$360,240.92	2,848,111	$353,103.88
Improvement Districts	1,591,724	176,785.91	2,206,413	208,800.51
	4,394,180	$537,026.83	5,054,524	$561,904.39

Increase for 1925: 660,344 acres, $24,877.56 levy.

The number of parcels assessed in Improvement Districts amounted to 14,827, as compared with 10,270 for the year 1924. The increase for the year 1925 is mainly on account of new Canadian Pacific Railway land assessments.

The collection of certain taxes and rentals for the department received the attention of this branch, and gratifying results were obtained.

Respectfully submitted,

SIDNEY V. LEA,

Chief Assessor.

W. D. Spence, Esq.,

Deputy Minister of Municipal Affairs,

Edmonton, Alberta.

Sir,—I have the honour to submit herewith Report for the year 1925 concerning work of the Tax Recovery Branch.

During the year 64 parcels of farm land and parts of 4 blocks were acquired under Tax Recovery Proceedings taken in the year 1922, and 542 lots and 9 blocks under Tax Recovery Proceedings taken in the year 1923.

Under the Public Utilities Act 33 plans of subdivisions were cancelled in full and 18 in part, comprising 31,074 lots and 28 blocks, the resulting area of farm land acquired through these proceedings being 4,540 acres.

During the year 27 parcels of farm land were redeemed comprising 4,298 acres, 118 lots and 11 blocks.

Sales of land were effected as follows:—

56 parcels of farm land,
202 lots and 11 blocks.

The total amount of monies collected from all sources is $23,190.34, being made up as follows:—

Sale of lands	$14,907.06
Sale of buildings	580.50
Redemptions	6,039.97
Grazing and Crop leases	886.20
Rentals	438.50
Seizures	129.70
Miscellaneous	208.41
	$23,190.34

I am attaching hereto a statement showing disbursement of these collections.

In addition to the above statement the sum of $16,540.74 was collected during the year in costs for withdrawal of caveats on lands under the Tax Recovery Act.

At the end of the year the Province had title to 493 parcels of farm land comprising 61,264.66 acres, 4,480 lots and 22 blocks, also an interest in 11 parcels of farm lands which were redeemed by payments from the Provincial Treasury under Section 17 of the Tax Sale Relief Act.

Respectfully submitted,

A. H. Michel,

Chief Taxation Clerk.
